Projects

Bowling Score Tracker Program   *Nov 2020*
- Using C++ kept track of the scores of each player every round. Includes keeping track of team score, HI-Score

High–Low Game   *Mar 2021*
- Using Java, programmed a game in which user must guess whether next card in shuffled deck will be high or lower in value compared to current card. Included feature to play again and keep record of high score.

Weather Forecasting (Backend)   *Nov 2022*
- Using Python, connected to an API that returned accurate forecast data for a given city. Many options for user to choose from such as: 5-Day Forecast, Monthly Forecast, By the Minute/Hour, Daily, and Alerts

Payroll Program   *Jan 2021*
- Using Java built program to monitor payrolls with pay scales and total payroll on weekly basis. Added same name check.

Blackjack Program   *May 2021*
- Using Java designed program to let user play Blackjack. Included functions such as Double Down and Insurance.

Work Experience

Caldwell Public Library   *Aug 2021 – Present*

Library Page
- Efficiently shelved books and other library materials according to the library's classification system.
- Maintained an organized and tidy library environment by regularly straightening shelves and ensuring materials were in proper order.
- Provided excellent customer service to library patrons by assisting with locating books, answering inquiries, and providing information about library resources.
- Assisted in the maintenance of library equipment, including computers, printers, and copiers.
- Processed interlibrary loan requests and facilitated the borrowing and lending of materials between libraries in the coalition.
- Collaborated effectively with library staff, volunteers, and other pages to ensure smooth workflow and efficient service delivery.

Spring Garden Chinese Restaurant   *Aug 2022 – Present*

Delivery Driver
- Executed timely and efficient delivery of food orders to customers.
- Ensured accuracy in order fulfillment and maintained food quality during transit.
- Managed multiple deliveries simultaneously, prioritizing orders based on distance and delivery times.
- Collected cash payments accurately, processed transactions, and provided change as needed.
- Operated delivery vehicles responsibly and adhered to traffic laws and safety regulations.
- Resolved customer concerns or issues promptly and professionally, ensuring customer satisfaction.
- Provided exceptional customer service by maintaining a friendly and professional demeanor.
